

County Match Week - Points Standings - 2014

The primary method of scoring for Match Week is in the form of 'day' points where the result of all matches between two counties result in one point for an overall win and half a point for an overall draw.

Where counties are tied for day points, then the county with the most points for matches won and halved is placed highest.

COUNTY	DAY POINTS TO DATE	TOTAL MATCH POINTS
Yorkshire	4	34
Lancashire	4	30.5
Cheshire	4	30
Durham	1.5	18.5
Northumberland	1.5	16.5
Cumbria	0	5.5
